

SPIRAL BAND

TECHNICAL DATASHEET

SPIRAL BAND

The Spiral Band is designed for efficient cable management and protection. Its flexible, durable construction allows easy wrapping of cables and wires, keeping them organized while preventing damage and tangling.

FEATURES

- Made from PE material for durability and flexibility.
- Wrap clockwise after securing one end with a safety belt.
- Provides protection and neat insulation for electrical wires.
- Enhances the overall appearance of bundled cables.
- Available in black and white colors for versatile use.
- Suitable for electrical industrial and utility cable management.
